D'Hanis F.F.A. Team Qualifies For State

Mett Nester
elected As
W Commander

Mett Nester was elected post commander of the Medina Post 1891. Veterans of Foreign War at the regular meeting last night.

A 7th Infantry Division of the first World War, Ed Edgar Rieber as commander. He will be installed at a meeting in April, along with most of the new officers.

Tomerlin was elected vice-commander replacing "Jake" Weynand; Harry L. was elected junior vice-commander; and Harry C. Mueller replaced Clarence Haass as quartermaster-adjudant. Louis L. was named as chaplain, and Hugo Saathoff; James L. was returned to his post of post advocate; Dr. O. A. Fly, George Dawson and Henry Windrow have announced that they would seek re-election to the Hondo city council, and as of Wednesday, they were the only candidates who had filed with City Secretary Frank Vance.

County Supt. C. F. Schweers said that no candidates for the county school board had filed. The terms of W. O. Rothe and E. A. Bendele expire.

Cub Scouts and their parents celebrated Scouting's birthday last night in the parlor of the Hondo Methodist Church with a dinner. Forty-two boys were present for the dinner and for the presentation of awards which followed.

Fly is the new cubmaster of pack 3159.

Books were made to the following Cubs: Albert Vance, bear badge; Charles Tilley, gold and arrow points, lion and badge; Richard Corder, badge; Dennis Heyen, silver points; and Parker Meyer, badge and gold arrow point. Mothers of the Cub pack are R. R. Corder and Mrs. Carol Jagers. An assistant cub master is needed, and those interested in helping with Cub Scout work are requested to contact the master.

Cubs meet at the Methodist Church once a month.

HIGHWAY PATROLMEN AND DISTRICT MEETING was held at the highway patrolmen Jim and Neland Black attending the district meeting of patrolmen at Garner State Park Tuesday.

There were 36 patrolmen from the district, two Texas Rangers, the Uvalde County sheriff. A barbecue supper was served.

ORGANIZATION SPECIALIST TO MEET WITH HD COUNCIL Miss Bonnie Cox, extension organization specialist of Texas A&M College, will conduct a meeting of members of the H. D. Council and the secretary of each Medina County home demonstration club next Tuesday, March 14.

To be held from 9:30 to 4, the meeting will have as its theme "Training Officers and the Function of the County H. D. Council, and Its Relation to the Texas Home Demonstration Association."

Contestants may have help in building and flying their kites, and the deadline on entries will be 2 P. M. Schott's Field is located near the drive-in theatre.

Red Cross Drive Has Good Start

Collections for the current American Red Cross drive have gotten off to a good start, according to J. F. Maxey, Hondo chairman. He said that collecting stations have been set up at Windrow Drug Store, Fly Drug Company, Moonlight Inn, Marion Anderson school, and with Mrs. A. H. Schweers at the post office. Mrs. L. J. Brucks and Mrs. L. E. Heath are in charge of the stand at the bank, and after banking hours, they will set up in the Favorite Cafe.

Volunteer help is needed for this work, and all who care to assist are urged to call J. F. Maxey at the county health unit office. It is planned to continue the drive about two more weeks.

Aiding Mrs. Schweers at the post office during the month are the following ladies, who will be at the stand there for the remainder of the drive on the days indicated: Monday mornings, Mrs. Jake Schuehle, Monday afternoons, Mrs. W. J. Smith; Tuesday mornings, Mrs. Theo Cagle, Tuesday afternoons, Mrs. August Schroeder; Wednesday mornings, Mrs. L. A. Smith, Wednesday afternoons, Mrs. Milton Rath; Thursday mornings, Mrs. Pete Knowles, Thursday afternoons, Mrs. Jim Lynch; Friday mornings, Mrs. Harry Mueller, Friday afternoons, Mrs. Jerome Zinsmeyer; Saturday mornings, Mrs. Ben Oefinger, and Saturday afternoons, Mrs. A. H. Schweers.

Twelve Weekend Arrests Made By Medina Officers

Accommodations were limited at the Medina County jail over the weekend as 15 prisoners were being held. Of this number, three were hold-overs, and 12 were picked up Saturday and Sunday.

Tickets may be bought in advance from members of the B&PW.

Petitioners Hint Appeal Not Likely

Castroville will be the location of the new Rural High School, from all indications following the decision of the State Board of Education Monday, and according to a spokesman for the petitioners, no appeal is contemplated.

Twenty-one members of the State Board voted unanimously to sustain State Superintendent L. A. Woods, who ruled about a week ago to reverse the Medina County Board of Education and uphold the position of County Superintendent C. F. Schweers.

Schweers had declared in favor of the majority ruling of the Castroville board, which had split four to three over the issue of locating the new high school building.

RICE PROFESSOR NEEDS DATA ON CASTRO COLONY

CASTROVILLE — A Rice Institute professor needs facts concerning Henry Castro's colonization in Texas, to be used in lectures in Paris and Alsace Lorraine this summer, according to word received here by Ruth Curry Lawler this week.

Prof. Marcel Moraud, head of the department of romance languages at the Houston college, is also anxious to obtain information regarding the Castro family before Castro left France and after he settled in Castroville.

Persons having information which might be used by Prof. Moraud are asked to write to him at Rice Institute, or to contact Ruth Lawler at Castroville.

Stop Signs To Be Strictly Enforced

Drivers in Medina County were warned this week that officers would strictly enforce all stop signs.

Officers of the Texas Highway Patrol, Jim Warner and Neland Black, Sheriff Jack Fusselman and Chief Deputy Charles Hitzfelder report that they will enforce the law to the limit in an effort to stamp out wrecks caused by violating stop signs.

According to the officers, at least three wrecks during the past two weeks could be blamed on drivers who failed to observe a stop sign. One of the wrecks resulted in a death.

Failure to stop at a stop sign carries a fine of \$1-\$200 and court costs.

Twelve Weekend Arrests Made By Medina Officers

ed not guilty, and will be tried at a later date.

Others held were arrested on lesser charges.

Fred Sizemore Jr., of Oklahoma City, stationed at Kelly Field, was arrested later in the week for theft of articles valued at less than \$50. He was charged with stealing linens, towels and other bedding from the Natalia Tourist Court, and was located at Kelly Field. Identification was made by two Natalia high school students. In county court Wednesday, Sizemore was fined \$50 and costs and given 60 days in jail.

Other activities on the crime front over the weekend included an attempt to break into Gaines Store Sunday night. The intruder was discovered, however, and made his escape before officers arrived, although officials from the sheriff's office are still working on the case and hope to make an arrest soon.

ing. Three men wanted to locate it outside of Castroville on Highway 90, and four were in favor of building it in town.

Meeting at Capital

The State Board meeting was held in the Hotel Stephen F. Austin, in the Texas capital city. Appearing before the state board were all members of the divided Castroville school board, except Oscar Bendele, and their attorneys.

Lawyers for the two sides presented the case, and Wendell Griggs, Miss Ruth Lawler and Superintendent Horace Hauser of Castroville spoke in regard to the case. The petitioners were asked if they wanted to make any statements, and they presented Superintendent V. O. Harp of the Lytle school, who said that he thought there might be an eventual consolidation of high school facilities for Lytle, LaCoste and Castroville. He said he did not speak officially for the Lytle school board, however.

New Evidence

New evidence in the case was submitted by the petitioners, whose lawyers stated that Miss Ruth Lawler and Oscar Bendele were not duly elected board members since they had been appointed by the Medina County Board of Education instead of having been elected.

After hearing all the evidence, and listening to the statements of all who desired to speak, one of the State Board members moved to uphold the superintendent, and the motion carried unanimously.

Injunction Withdrawn

Last week a temporary injunction was granted by Judge P. C. Sanders of San Antonio to prevent construction work until such time as the case had been heard. The hearing on a permanent injunction had been set for Wednesday, March 8, but on application of the petitioners, the hearing was cancelled and the injunction lifted.

To Let Contract

As things stood Wednesday, the Castroville board planned to meet Thursday night, March 3, and let the contract for construction of the new building in Castroville, on the site which was purchased several months ago.

All seven members of the board will be subject to the election April 1. It is not known yet who the candidates will be.

A story in the Dallas Morning News had this to say about the hearing:

"The state board heard a hot dispute over locating a new high school for Castroville, Medina County. A \$110,000 bond issue has been approved for the building. Twenty-four non-Catholic high school students now attend class seven miles away. Sixty-two attend a parochial high school."

"The state board left the problem up to the local board, which voted 4 to 3 to put the new building in Castroville, on the west side of the Medina River."

Farm Bureau Plans Meeting In LaCoste

The Medina County Farm Bureau will hold another meeting at LaCoste high school on Monday night, March 13, according to Temporary President E. M. Delavan. The meeting will start at 8 o'clock.

Delavan said that he was hoping for a good attendance and was looking for representatives from every Medina County community. It is hoped that each community will have a director once a charter is received.

Plans for the future include setting up a Farm Bureau office in Hondo, and getting the organization's insurance program started.

San Antonio Livestock Show Draws 250,000

Reflecting state-wide interest in the first major San Antonio Livestock Exposition held in the Alamo City, 250,000 ranchers and citizens flocked through the front gates of the ten day all-territorial show.

Show officials termed the exposition an outstanding success and cited a message from Governor Allan Shivers who said, "I know that you have contributed a real public service in promoting an exposition of this nature."

More than 80,000 spectators saw the Autry-Coiborn rodeo and show officials, viewing five consecutive standing room only nights, are already making preliminary plans for the '51 show.

Highlights of the ten day exposition was the establishment of three world records during the auction sale of prize winning live stock. Auction of the Grand Champion Lamb, Reserve Champion Lamb and Grand Champion Pig took spotlight honors with record-shattering prices.

Youthful Robert Pape, Fredericksburg 4-H Club lad, saw his top-notch lamb led off the block with a \$3100 price tag attached, topping the existing record set in Houston last year.

The \$9 per pound record sale of the reserve champion bred by J. L. Stewardson, San Saba rancher, was purchased by J. W. Kothmann and Sons Livestock Commission Company of San Antonio.

First of the all-time highs came when Milroy Schneider, Guadalupe County 4-H Club breeder, collected \$1698 for his 216 pound champ Duroc pig. Joske's of Texas purchase topped the 25 year old record of \$1500.

Floy Woodard, 17 year old 4-H Club girl from Star, Tex., walked from the auction ring with \$8550 for her 950 lb. grand champion steer with the St. Anthony Hotel bidding tops at \$9 per pound.

Average price paid for steers excluding the champions was 56.3 cents a pound. Officials announced steer sales aggregated 106,640 pounds and brought a total of \$75,114.06.

Sale of swine excluding champion barrow and champion pen of 3, averaged 27.6 cents a pound. An average price of 60.2 cents a pound for the lambs, excluding the champion, was being advanced as a new all-time high for lamb averages.

The Exposition was international in flavor with livestock visitors from Canada, Brazil, Denmark, India, Cuba and Mexico.

Exhibitors brought their prize herds from Canada, Oklahoma, Missouri, Iowa, Illinois, Louisiana to compete with prize-winning Texas stock. Sr. Joao Borges, judge of the Brahman PAZA show came from Sao Paulo, Brazil as the active participant who travelled the longest way.

In the Quarter Horse Show, held in conjunction with the exposition, R. L. Underwood, Wichita Falls entry "Buddy Dexter" won the Grand Champion Stallion award. Grand Champion Mare honors to "Miss Bea", King Ranch entry.

Performance Class honors went to "Monsieur Moore," Walter Brooks entry from Mertzon, Tex. Runner up was "Cowboys Dream," Clifford Martin's entry from Fort Worth. Cutting horse crown went to E. P. Waggoner's famed "Poco Bueno." Second place honors went to King Ranch's "Red Boy."

Surprise feature of the exposition was the announcement of a trophy cup which will be presented to the grand champion steer of the show for the next hundred years.

A \$500 cup, presented by B. B. McGimsey, will be on display at the Coliseum with the winners name engraved on it. A replica will be presented to the yearly champion.

Directors of the San Antonio Livestock Exposition will meet in April to elect new officers and formulate plans for the 1951 show.

THE SECO PHILOSOPHER

J. A. READY TO PIT CHARACTER AGAINST 24-HOUR WORK WEEK

Editor's note: The Seco Philosopher on his Johnson grass farm on Seco Creek has another odd proposition this week, the following letter from him will reveal.

Dear editor:

I picked up a copy of the Dallas News which my wife had put on the back porch for me to wipe my shoes on when I come in during wet weather, personally I'd rather

have a tracked-up house than a empty mind,

and took it inside and after supper read where a scientist in New York has predicted that by

the end of this century the J. A.

average work-week will be 24 hours.

Work 4 hours a day for 6 days and call it a week, or maybe run it together in three 8-hour days and take the other four days off.

I mentioned this the next day to some of my neighbors and they got into an argument over whether a man could stand to work that little and stay out of trouble.

"What would a person do with all that spare time?" one of my harder-workin' neighbors wanted to know. "Ruin most people not to have enough work."

Now I never was one to go stumbling into a new situation, I don't feel right about this nation

bein on the verge of a unknown experience, and while it hadn't occurred to me before as somethin to get alarmed about, if people are afraid of the prospect of workin only 24 hours a week, I will blaze the trail myself and submit to the experiment and find out if it is safe.

If the government will go ahead

and start the \$12,000 a year income which the experts predict

everybody will be makin by the year 2000, I will embark on the

experiment of workin only 24

hours a week. There are some

folks who might shudder at the

prospect, seein their characters

facin ruin and their minds demoralized by so much loafin time,

but I come from pioneerin stock,

the kind that made this country,

and if I can be of service to hu-

manity by plungin into the un-

known life of the year 2000 right

now, I'm willin.

All I ask is that the first in-

stallment on my \$12,000 a year

salary be sent out here, and I'll

launch the experiment. There may

be some characters that ain't got

the moral fibre to stand up to

this 24-hour week, but I got con-

fidence in myself.

Yours Faithfully,

J. A.

MRS. JERRY JUNE BERGER, SOCIETY EDITOR

grandchildren Surprise
Devine Correspondent
Wednesday Evening

Editor's Note: Rare indeed is the occasion when 14 grandchildren gather for grandmother's birthday party, and even more rare is a description of the event by the pleasantly surprised victim." Mrs. Joy Tilley, our Devine correspondent, submitted the description of her birthday party, thinking that we would write it in newspaper style. Instead, we present it for you as written in the first person.

By Mrs. Joy Tilley

Last Wednesday evening, March 1 at 7:45 p.m., my husband suggested that we go to Ruthell's, which happens to be Mrs. E. R. Jetton and our daughter. On arriving at the house, everything seemed normal until we got on the porch and noticed an unusual hum and stir, when suddenly the front door opened and we were confronted with all our grandchildren singing "Happy Birthday, Dear Granny."

On entering the room we found our children and grandchildren assembled for a birthday party in our honor. I was so surprised and extremely happy that I almost went "berserk."

The grandchildren, 14 in number, presented a program of songs, readings and musical numbers. At the conclusion of the program, the small granddaughters emerged from a bedroom carrying gifts to "Granny." When all the gifts had been delivered and displayed for everyone to see, all the grandchildren went into the bedroom and came out carrying a clothes line with bills of different denominations attached to the line with shiny plastic clothes pins. When counted there was \$2 for every year, and the \$4 question is how much money was there?

I was then escorted to the party table where spring flowers and two beautifully decorated birthday cakes formed the central attraction. The cake with sandwiches, corn chips, potato chips, coffee and hot chocolate was served on the refreshment plate. I have had several birthdays and hope to have several more, but this will be remembered as the "birthday among birthdays."

St. Paul's Society Sets Cake Sale Date

The members of the St. Paul's Missionary Society met on March 1st at the church annex for their regular meeting.

The prayer and topic were led by Rev. Lorling and Mrs. Beard gave a talk on Christian Service. During the business meeting it was decided to have a cake sale on April 8th.

Packages for Lutheran World Relief will be sent this month.

The hostess, Mrs. Earl Starnes and Mrs. Nettie Schuehle, served chicken and cheese sandwiches, potato chips and coffee to 33 members and the pastor.

Mrs. August Schroeder and Mrs. Hugo Schwers will be hostesses at the next meeting on April 5th.

Engagement Told

Mrs. Pauline Tschirhart of LaCoste announces the engagement and approaching marriage of her daughter, Martha Louise, to Wilfred Hutzler Jr., son of Mr. and Mrs. Wilfred Hutzler of LaCoste. The wedding will take place April 15 at St. Louis Church in Castroville.

FAMILY DINNER HONORS RETURNED ARMY MEN

DEVINE — Mr. and Mrs. J. E. Peterson had a family dinner party Sunday in honor of their two sons and their families recently returned from overseas. The guests were M/Sgt. and Mrs. Vernon Peterson and son, recently returned from Kobe, Japan, S/Sgt. and Mrs. Tan Peterson and son, recently home from Johnson Islands, Mr. and Mrs. Boyd Martin, Mr. and Mrs. Jack Wallace and daughter, Mr. and Mrs. D. J. Betenbough and family from San Antonio, and the Frank Petersons of Devine.

Mr. and Mrs. Harry Jordan and family of Dallas have been visiting the Andrew Muenninks for several days.

that day . . .

Sure, Pretty Lady . . . Blushing
Bride with Bells on . . . They'll be
there . . . All those wonderful
friends of your youth . . . A slight
touch of envy on their
happy faces . . . Oh, you won't notice
them much, maybe . . . Not for
this moment . . . This Supreme
Happiness . . . But they'll be
there . . . Because it's YOUR
wedding . . . And they love you
. . . How can they help it?

And, after all, you invited them . . .
or maybe your mother did, or
maybe Aunt Lucy did . . . Who
cares? . . . Not now . . . Not
today . . . But some day when all

Mrs. L. J. Leinweber Is Hostess Tuesday To Wesleyan Guild

The home of Mrs. L. J. Leinweber was scene of the meeting Tuesday evening, Mar. 7, of the Hondo Wesleyan Service Guild.

Mrs. Howard Gilbert, assisted by Mrs. Millie Eckhart, presented the devotional, while Mrs. Amos Harlee had charge of the program. In the absence of the president, Mrs. Marguerite Murrill, Miss Lucille Newton conducted the business session.

Following adjournment, Mrs. Leinweber served cheese sandwiches, potato chips, date pinwheel cookies and fruit punch to the members of the Guild and the visitors, Mrs. Richard Reily and Miss Mae Routt.

Altar Society Makes Game Party Plans

Plans for the St. John's Altar Society's sausage and game party which will take place in the parish hall on March 19 are underway. Chairman have been appointed and are now working.

Country sausage, potato salad, beans, cake, and coffee will be served at 75c and 40c a plate.

Serving will begin at 5 P. M. followed by the game party.

H. D. CLUB NEWS

Members of the LaCoste HD Club met Tuesday afternoon, Feb. 28, at the home of Mrs. Francis Echtle with 11 members, one visitor and the agent present.

Meeting was opened with the club pledge, and Miss Combs gave a demonstration on killing and dressing poultry. A lunch consisting of ham salad, crackers, cake and coffee was served.

The next meeting will be in the home of Mrs. Matt Bader with Mrs. Vernice Harp as hostess on March 21.

BIRY — The Biry Home Demonstration Club had its regular agent meeting on Tuesday, Feb. 21, at the home of Mrs. Walter Etter. Four members and the agent were present. Announcement of an officers training school to be held in Hondo on March 14 was made.

Miss Jane Combs, the agent gave the demonstration on "Barbecued Chicken." A lunch of the Barbecued chicken just demonstrated, hot buttered rolls, pineapple salad, individual cakes, and coffee was served.

The next member meeting will be held at the home of Mrs. John Neuman on Thursday, March 16.

Refreshments of ice cream and cake were served those present.

Garden Club Sale Benefits Boy Scouts

DEVINE — The results of the Plant and Shrub sale held Saturday by The Garden Club for the benefit of landscaping the grounds around the Boy Scout house were reported very successful.

Another Club project is the beautification of the triangle between Highway 81 and the street leading to the cemetery at the north entrance to town. This work will begin as soon as the ground is levelled and prepared for planting.

The Garden Club is co-operating with the Chamber of Commerce in getting street signs erected. A sample marker is now on display in front of the post office. A committee is at work on the project and property owners on the streets will be contacted shortly in regard to contributions to help pay the expense of erecting the markers. Very few people in Devine know the names of the different streets, much less where they are located. Let's hope this project goes over soon.

MUSIC PUPILS PRESENTED IN PROGRAM SATURDAY

DEVINE — Miss Minnie Briscoe presented her music pupils of the Steinfeldt Music Club in a program Saturday afternoon in the home of Mr. and Mrs. R. E. Bruebeck of Natalia. Mrs. Bruebeck and her daughter, Carolyn, were hostesses for the occasion.

Miss Alta Faye Lilly presided over the program. All pupils present played piano selection.

Refreshments of cookies and punch were served at the social hour. Mrs. Bobbie Schwartz of Austin presided at the punch bowl.

Parents who attended were Mesdames Ruth Allen, J. H. Watson, Clifton Sollock, A. E. Driscoll, and Tom Nowlin.

ST. PAUL'S LEAGUE HOLDS YOUTH SERVICE

The St. Paul's Lutheran League held a youth service Feb. 26 at the church to raise funds for European youth work.

Main speaker was Victor Weiss, president of the San Antonio Federation, whose topic was "Thy Kingdom Come."

MRS. SANSON ENTERTAINS

DEVINE — The Woman's Society of Christian Service met Tuesday evening in the home of Mrs. I. C. Sansom for the regular monthly program and social hour. There were 16 members present.

Refreshments of ice cream and cake were served those present.

ACCEPT THE BIBLE AS YOUR ONLY GUIDE

A study of the Bible, without prejudice, will produce Christians only. As long as a man speaks where the Bible speaks, without adding the opinions of men and obeys the commands of the Bible, that man will be a Christian, nothing more, nothing less.

But some say that the creed book, manual, etc., which they use contains the same thing as the Bible. If this is so, then why not leave the creeds in the Bible and study them from the Bible. If these creed books contain any more or less than the Bible, then they are wrong, for they will contain a new or perverted gospel. Paul pronounced a curse on anyone who preaches any gospel other than that which he preached. (Gal. 1:8,9)

Do You Want To Cut Your Federal Taxes?**Efficiency At Less Cost**

Efficiency is necessary to reduce the cost of government. It is also imperative for our national prosperity. The Commission on the Organization of the Executive Branch of the Government in its minute survey of the 1812 Federal agencies, boards, and departments, found a sad lack of effective house-keeping. This Commission, created by Congress with the approval of President Truman, was headed by former President Hoover. It has provided a vivid picture of the weaknesses in our present set-up, and suggested ways of increasing efficiency so that your taxes may be reduced.

Today thousands of tons of obsolete, useless records are stored in steel cabinets in expensive offices at maintenance charges of \$29 per year each, when they could be kept in warehouses at a cost of only \$2.15 per year each.

In 1928 the Department of Agriculture had about 22,000 employees and spent less than \$26 million. In 1948 it had 82,000 employees and spent \$834 millions of your hard-earned tax dollars. In a single Georgia cotton county, 47 employees of 7 separate USDA field services were handing out advice. A Washington State county had 184 Department agents and a Maryland county had 88 agents advising the heavily taxed farmers. A Missouri dairyman was "confused and irritated" when he recently received contradictory advice from five government agencies on how to fertilize his fields.

These are a few instances of the thousands discovered by the Commission where elimination of duplication would give increased efficiency and better service at less cost. If all of the recommendations of the Commission are adopted, the workers of this country would save between three and four billion dollars in taxes annually.

If you are interested in seeing these changes made in your government, tell your Congressman. Write the Citizens Committee for Reorganization of the Executive Branch of the Government, 1421 Chestnut Street, Philadelphia 2, Pennsylvania, for more information. Talk to your friends about it. These much-needed reforms cannot be made into law without your support!

PREPARED BY STUDENTS OF THE HONDO PUBLIC SCHOOLS

3rd Grade

By Carol Ann Rath and John Walter Meyer

Wednesday, March 1, was Miss Bailey's birthday. She received some real pretty presents. The class sang "Happy Birthday" to her when she came into the room.

The Bluebirds are making kites with bluebirds on them. We hope that we have a good time flying them.

The Third Grade students have been making geography notebooks. Miss Bailey is going to grade them, and we hope that we all get A's.

We are making a little book about Texas in reading class. Mr. Johnson will help us make covers for the book. Miss Thompson is teaching us some songs about Texas.

Butch Smith won his father some clothes at the rodeo in San Antonio.

Peggy Grollmund went to San Antonio Saturday afternoon. She saw some flax plants, which had white and blue blooms on them.

Ruth Ann Crow went to Corpus Christi to visit her cousin over the weekend.

Norvel went to her grandmother's last Saturday and had lots of fun.

Farm Skill Team Wins 5th Place**

By James Wendland

Fifteen F. F. A. boys left Hondo Friday afternoon to attend the Area 10 F. F. A. contest held at A. and I. College, in Kingsville. The farm skill demonstration team placed fifth; a green hand chapter conducting team was also entered, but it was unsuccessful.

The members of the farm skill team were William Grell, Henry Nienhoefner, Abundio Gonzales, and Mike Lanham. The other team consisted of Lloyd Muenning, Lloyd Lindeburg, Cleatus Saathoff, Floyd Saathoff, Paul Popé, Horace Rowan, Gene Cline, Clarence Mumme, O. J. Williams, William Schulte, and Douglas Bohmfalk.

The group returned by way of Corpus Christi and reached Hondo about nine o'clock Saturday night.

Owls Begin District With Del Rio March 28

With the opening day of the baseball season approaching, the Hondo Owls got down to the serious business of defending their district and championship this week.

About 22 boys were out with six starters back from last year's team. Lost were Herb Herrera and James Schuite, pitchers who doubled in the outfield and on first base, respectively. Shortstop Joe Alderete, and Johnny Short, an infielder.

Coach Tom Bridges had the boys in an intra-team scrimmage Wednesday afternoon. One team was composed of Hilmer Mueller, catcher; Mike Larkin, pitcher; Roy Meyer, first base; Bud Woolls, second base; Tommy Hollmig, third base; Carlos Herrera, shortstop; Lloyd Lindeburg, left field; Wilbur Bohmfalk, center field; and Douglas Bohmfalk, right field. The other team was made up of Billy Laughinghouse at the catching position; Harold Schweers, pitcher; Henry Dominguez, first base; Jerome Reitzer, second base; Frank Sandoval, third base; Felix Alderete, short-

Palominos Win Class B Golden Girls State Title

NATALIA — The Natalia Palominos completed a successful basketball season over the weekend by winning the Class B Championship of the Golden Girls Tournament of 1950.

Natalia defeated the Lometa Cowgirls 21-18 in their hardest game of the tourney, won easily over the Mathis Trojans 35-13 to advance to the finals, and defeated Bloomington 28-21.

Before the final game, the girls presented their coach, Mrs.

stop; Morton Mechler, left field; William Schulte, center field; and Manuel Gonzales, right field.

Ronald Heiligman and Abundio Gonzales were not out for practice and did not take part in the game, although they are on the team roster.

The Owls will play their first district game on March 28 against Del Rio there. Bridges indicated that there might be a practice

Former Del Rio Grid Star Killed

Theodore (Teddy) Bowers, 19, was killed Wednesday about 7 P. M., in Uvalde when the rim of a truck tire he was inflating blew off. He was struck under the chin. He died a short time after the accident in Memorial Hospital in Uvalde.

Funeral services were held Friday at 4 P. M. in the First Methodist Church. Rev. T. K. Anderson, pastor of the church, officiating and burial was made in Westlawn Cemetery under the direction of the Doran Funeral Home.

Bowers was a freshman at Southwest Texas Junior College in Uvalde. He worked at the H. Ray Motor Company, where the accident occurred Wednesday night.

He was the son of Mr. and Mrs. Russell Bowers, 210 Avenue E in Del Rio.

He was graduated from the Del Rio High School in May, 1943. Bowers starred as quarterback for the Del Rio wildcats during his high school career and was an outstanding player on the junior college football squad during the 1949 grid season.

Survivors include his parents, Mr. and Mrs. Russell Bowers, and a brother, Freddy Bowers. His grandparents, Mr. and Mrs. J. T. Bowers of Del Rio and Mrs. Bertie Eppier of Coleman also survive.

All Star Game For 90 League July 4

The All Star game for the Highway 90 League was set for July 4 at a meeting of directors last week. Site of the game was postponed until a later meeting.

Other business transacted included approving the schedule and adopting a constitution and by-laws with minor changes. One change set July 4 as the deadline for adding players to team rosters.

Ted Dawson Gets Temple Contract

Ted Dawson, former High athlete and son of Mr. and Mrs. Nora Dawson of San Antonio, received a new contract for coaching position at Temple where he has been located for the past four years.

A former University of Texas football co-captain, Dawson offered a position at \$6,000 per year by Alice High School. When he asked for his release from the Temple School Board, they would not release him but did offer him a new contract which he accepted. According to its terms, Dawson will receive \$5,400 the first year, \$5,500 the second and \$5,600 the third replacing his old contract which gave him \$4,900, \$5,000 and \$5,100 for the three years respectively.

When floods, fires, tornados or explosions ravage the land, the Red Cross stands ready to help stem the tide, soothe the scars and relieve the pangs of suffering. There is no other organization big enough, organized enough to step in and help in these disasters. As we help with our dollars, we hope that we may not be the next victims of tragedy — but if we are, we know that the Red Cross will come to our aid.

You remember the Wartime Blood program of the Red Cross. Many still live today only because of it. Now Ready your Dollars to help expand a new Red Cross National Blood program so that ultimately ALL who need blood may have it and its derivatives freely.

Veterans successfully face many critical problems thanks to Red Cross Aid; the misery of the ailing soothed, and accident emergencies are met because the Red Cross prepared the way. So now Ready your Dollars to help the Red Cross, comfort, sustain, and restore.

Sometimes an accomplished liar is able to deceive the Red Cross and get a few dollars unjustly — but for every case like that you will find a dozen where some grief-stricken, stunned family was enabled to live through the quick, unhesitating generosity of your Red Cross.

Be ready when you are asked to give — your Red Cross needs your help.

Red Cross is trying to raise money in Medina right now, and judging from last year's may be a hard job. The national chapter of Cross actually spent more money in this than was raised here. That means that we did contribute one thin dime to the relief of those flooded out of their homes, or those who fled by tornados across the land. It means needy.

But because there are still ignorance, thoughtlessness, suspicion, and niggardliness in the human mind, the Red Cross must plead for what it needs.

Have you ever watched while a city block burned down or an apartment building went up in smoke? The Red Cross was there with money, clothing, and offers of shelter before the firemen had gone.

NEEDS BUSINESSLIKE MENT, NOT TAXES"

of us who had placed confidence in the late Governor's inaugural address that there should be no taxes levied during his administration were gravely concerned over his permitting the Legislature, at its first session after his second inauguration, to spend all of a small surplus in the state treasury left over from previous sessions, but vote appropriations in excess of their authority.

"The law of diminishing returns applies also to luxuries and natural resources. That is a sufficient reason for considering the taxes which the Legislature has just imposed, as far as the emergency only. As experience has taught, great care is required to keep a 'temporary' tax from becoming permanent.

"To that end, as this newspaper has suggested, the Legislature is obliged before adjourning to set up machinery for a comprehensive, scientific study of the State's administrative system, to determine how waste and lost motion may be eliminated. Then each taxpayer's dollar would buy a full dollar's worth of essential service.

"The Legislature could create a joint committee for that task, provide it with expert counsel and direct it to report its findings and recommendations to the 52nd Legislature next January. The objective should be to provide Texas with a businesslike State government that could meet new needs without imposing new taxes. If no such committee be created, however, the existing Legislative Council could and should tackle this task. Anyway, the Council could do helpful fact-finding."

The present Governor and the members of the Legislature could make some amends for their not having "sought first to obtain the 20 million dollars needed *** by re-examining last summer's appropriation bills to see if they could not be cut," inexcusable though it was, by heeding the advice in the two last paragraphs quoted above.

But did they?

Evidently they prefer more "taxes" and not "businesslike government" for Texas.

SOMETHING FOR BROOM CORN GROWERS TO CONSIDER

A recent comprehensive survey of the broom corn situation, by Bliss Isely in Broom and Broom Corn News, contains much that should be considered by our broom corn growers.

While some areas have sold out, there is still considerable straw in the farmers' hands, some of which is selling for \$150 a ton while some is being held for as much as \$300. Buyers are offering for this quality straw collected during the next months. That takes care of the ton's budget. Then, for the fund, they added a cent on cigarettes. That will estimated 8 million dollars. The results, the intel-

can't make money out of buying broom corn, which they have to resell at a loss. The dealers sympathize with the farmers. They know that a grower has trouble making ends meet if he has to sell broom corn at much less than \$200. But that is one of the hazards of the broom corn business or any other business."

And while heading production costs, quality should also be headed, one should infer from this:

"Rains and sunshine were not mixed in the right proportions to give Colorado a first class crop. If nature had been more propitious, and if Colorado had top class broom corn, the growers would be buying it at prices in excess of \$300 and perhaps up to \$400. Everybody that is making brooms wants quality stuff."

To which anyone who has ever sold anything will no doubt respond with:

"You are telling me!"

But even so, Mr. Isely seems to prefer self-reliance in managing one's own business rather than shifting his burden to the shoulders of old man Tax-Payer. Says he:

"Colorado does not have the

The day when people of Hondo and Medina County can have a public library to use may not be very far off now. The Jaycees' Library in the Chamber of Commerce office is now far enough along so that books may be checked out as soon as a few more are received.

But the Junior Chamber of Commerce is at a point right now where they can go no further with the library without further book donations. Response to date has been good, and the newly-built shelves are about one-third full.

The Jaycees certainly deserve credit for starting one of the most worthwhile projects ever undertaken by a civic club in Hondo. And they have achieved their success despite the adverse criticism from a minority of people in town who constantly told everyone that a library couldn't be started in Hondo in the first place, and that there wasn't a real need for one in the second place, etc.

Most people believe that a library is a definite need of a progressive community, however, and we've heard a good many comments from people living away from Hondo who just couldn't believe that a town of this size didn't have one.

Now that the cornerstone of the library has been laid, so to speak, the ultimate success must rest with every civic club, governmental body and individual in Hondo. Having just a library is one thing, but having a first-rate library with sufficient books and traffic will depend upon those who will benefit the most from it — the public.

O. A. Fly Named Medina Chairman For Cancer Drive

Appointment of O. A. Fly as campaign chairman for the 1950 Cancer Crusade in Medina County has been announced by Harvey Richards of New Braunfels, district lay director of the American Cancer Society, Texas Division.

As 1950 Crusade chairman, Fly will head up the April cancer educational and membership drive throughout the county, appointing community chairmen and joining the annual efforts of the society to remind Texans that most cancers can be cured if treated in time.

Another leader in the county is Dr. J. A. Williamson, and others will be appointed later.

Richards was in Hondo Thursday to confer with the new chairman and to discuss Crusade plans. He told The Anvil Herald that the society hopes to raise \$500,000 in Texas this year to carry on its support of cancer diagnostic and treatment clinics and cancer research, and to carry on the year-round program of cancer education.

Ten cancer information centers sponsored by county units of the society are operated in Texas. The nearest one to Hondo is at San Antonio," he said.

Richards said that he is very gratified that Fly will serve as 1950 county campaign chairman. "I feel sure that Medina County will reach its goal this year under his leadership," he said.

Mrs. Wilson Named To Fair Committee

Mrs. Harrison Wilson of Yancey has been appointed to a committee from the Texas Home Demonstration Association to work with the 1950 State Fair Exposition in gathering food and handicraft displays from all sections of the state.

Others on the committee are Mrs. T. J. Ludwick of Bland and Mrs. B. M. Harris of Plainview. They were appointed by Mrs. R. L. Campbell of Wildorado, association president.

Plans for a larger, more comprehensive women's show at the Fair have been announced by W. H. Hitzelberger, vice-president and general manager. The Fair will be held Oct. 7-22 this year.

New women's features include a handicrafts division, with separate divisions for junior and senior groups; new articles in the antiques division; new section for garden club exhibits in the potted plants division; additions to the foods division; an exhibit of early-century costumes and accessories.

Other features added to the 1950 show include crocheting events for men, All American Jersey Show, enlarged Midway, and a huge atomic age science show.

VEHICLE SALES TAX RAISED TO 1.1 PER CENT

Tax assessors and collectors over the state were notified last week of the increase in taxes made effective by the signature of Gov. Allan Shivers on two tax boost measures passed by the 51st Legislature.

James Duncan, Medina County tax assessor-collector, received a telegram last week from the State Comptroller notifying him of the increases put in effect Wednesday by the state's lawmaking body.

Specifically the telegram said that the Omnibus House Bill 3, Article 6, levies an additional one-tenth of one per cent on motor vehicle sales effective March 1, 1950. The tax has been one per cent up to now.

FHA Girls Go To District Meet

NATALIA — Mrs. Helen Reynolds, Natalia homecoming teacher, accompanied two of her students, Nancy Gardner and Dolores Pugh, to the District IV meeting of the F. H. A. in Dilley Saturday.

District IV was originally organized in 1948 with a meeting in Pearsall, and it was voted then that the meetings would rotate alphabetically. Devine and Natalia were added to District IV this year.

Patricia Fly is District IV's nominee for the state office.

Area XII officers from District IV are recording secretary, Nina Avant from Dilley, and corresponding secretary, Rubina Fischer, from Pearsall.

Dolores Pugh, a senior of Natalia High, represented this chapter on a panel discussion concerning "Boy-Girl Relations" at the district meeting.

Nancy Gardner, a junior of Natalia High, was installed as District IV parliamentarian.

Music was furnished by Dilley High School Choral Club, and members of the band.

The invocation was given by Newton Moore, Superintendent of Dilley Schools, the welcome by C. E. Roberts, principal, and Pat Little, president, both of Dilley.

Candlelight Installation of officers was held and each of the outgoing officers received roses in appreciation of the work done in 1949 and 1950.

Fried chicken lunch was served in the Dilley lunchroom.

PERSONAL APPEARANCE

When OSCAR LEINWEBER goes after cut ants, he means business. While in The Anvil Herald office Saturday, he told of using hi-life, water and dynamite. The dynamite forces the life all through the hill, he says, and that's the end of the ants. If you are going to try it, we suggest you be sure and use a good fuse, and be sure the dynamite is deep down in the ground, the way he does it.

SAM MEYER was bemoaning the fact that coons robbed him of four big cat fish that he and JAMES RATLIFF caught while fishing on the Nueces over the weekend. He said that fish were the only thing he could catch, because he had already caught a good case of poison ivy while fishing the weekend before. Anyway, the coons left them three cats to bring home.

Batty story: Reactions vary on the presence of bats on the second floor of the court house. MRS. AMOS HARLLEE bravely swats at them while trying to talk on the phone. NELLIE WEYNAND leaves the school superintendent's office when they invade those quarters, and JUDGE R. J. NOONAN, not to be outdone by the nasty little creatures, bats 'em down and kills them.

The Chamber of Commerce received a postcard postmarked from San Antonio stating: "We liked your sign as to driving thru God's country, but NOT your roads. Your road side parks are lovely. Thanks. 2 old maids driving thru." They undoubtedly drove over U. S. Highway 90 between here and D'Hanis to have made the road comment — we think that is a mighty poor excuse for a road too.

B. D. BOMBA of Moore is having fun with a newspaper article datelined Lewisville, Tex. Said article stated that wolfish whistle or amorous glance in their town can cost a person a \$50. fine. That's probably a definite handicap to the town's Romeo's — and disillusioning to the girls!

Signs of spring: L O B B Y LANDERS casually walking into the post office all dressed up and barefoot, the brilliant colored ranunculus along the front walk at MRS. BARNITZ CARLE'S, model airplane enthusiasts at it again on the ball field Sunday afternoon.

Hoover told the senators that Dr. Klaus Fuchs had access to every atomic secret in the United States and was even in on the "final critical assembly" of the A-bomb. This was the most top-secret phase of the Manhattan project.

Washington MERRY-GO-ROUND BY DREW PEARSON

Spy Disclosures

AFTER J. Edgar Hoover's lengthy session with the senate appropriations committee regarding A-bomb leaks, newspapers reported that senators left the meeting ashen-faced over the disclosures.

Here is what Hoover said to cause those ashen faces.

Hoover dramatically reported that subversive activities in the United States are at an all-time high—worse than during the war.

He also revealed that Communists are doing away with party cards in order to prevent detection and conviction. Instead, they identify each other by word of mouth.

Hoover told the senators that Communists were making a special attempt to infiltrate into strategic industries such as telegraph, telephone and the manufacture of electrical equipment. Asked point-blank by the senators whether there was a spy ring inside the government, Hoover answered "no."

The head G-man complained that Elizabeth Bentley's sensational disclosures two years ago had been premature and that as a result the FBI lost many sources that had been carefully planted for 10 years inside the Communist party.

Listening to Hoover as he testified was Sen. Homer Ferguson of Michigan who was partly responsible for the Bentley disclosures. Ferguson, together with Congressman J. Parnell Thomas, then chairman of the un-American activities committee, heard about Miss Bentley in connection with the Communist treason trial being prepared in New York and jumped the gun on the justice department. In order to cop the news headlines, they called Miss Bentley before their committees and smeared her testimony all over the front pages.

New Employees NEEDED

Hoover was testifying in order to secure appropriations for about 70 new employees. He illustrated the work of his G-men by telling how during the first trial of Alger Hiss, the FBI was unable to locate Hiss' maid. All Mrs. Chambers could remember about the maid was her name, "Mary." However, after the first trial, Mrs. Chambers

dug up a rough sketch she had made of the maid, gave it to the FBI, and after honeycombing Baltimore and using only this sketchy evidence, finally the G-men located the maid.

Hoover told the senators that Dr. Klaus Fuchs had access to every atomic secret in the United States and was even in on the "final critical assembly" of the A-bomb. This was the most top-secret phase of the Manhattan project.

Hoover testified at machine-gun speed throughout the closed-door session. Here are some of the figures he rattled off regarding crime in the U.S.A. Last year: 1,686,670 major crimes committed in the entire country; the big increases since 1941 have been 67.4 per cent more "aggravated assaults," 35.2 per cent more rapes, 27.2 per cent more burglaries, 24.2 per cent more robberies, 7.3 per cent more larceny.

However, murder has dropped 0.7 per cent since 1941, manslaughter has decreased 5.5 per cent and auto thefts 11.5 per cent. The FBI, he said, had a record of 97.2 per cent convictions last year.

How Fuchs Worked

Here is the background in which Dr. Klaus Fuchs, arrested as a Russian spy in London, worked in the U.S. during the war.

Los Alamos, where he was stationed, was unlike all the other atomic installations and not compartmentalized. In other words, scientists did not work in secret compartments, but were familiar with each other's work. There were some 600 scientists at Los Alamos, of which the foreign "colony" numbered about 60-20 British, two Swiss, 10 German refugees, and some Italians.

Sir James Chadwick headed the British delegation. Fuchs was not considered on the first team, but rather on the second. Since there was no compartmentalization, his exact scientific standing made no difference as far as collecting data was concerned.

Fuchs' friends recall that he first worked on atomic matters in Canada, at the Chalk river plant in northern Ontario.

According to British intelligence, Klaus Fuchs came to Britain from Germany in 1932 as an anti-Nazi refugee on orders from Moscow. Fuchs' instructions were to work his way into British scientific circles. As a result he became a British citizen, knew every secret of the A-bomb including the exact size of the critical mass that makes an explosive, and even the secret of the detonator.

Fuchs also knew about the H-bomb, which our scientists tried to produce before they got the A-bomb.

Dear Sirs:

Just read an article in your paper requesting that subscribers notify you if they are moving. Well, we will be heading back to Texas soon and I had been thinking of letting you know, so your article put me on my horse!

I have been attending repair school here in Dayton at The National Cash Register Co., and will finish up around the 24th of March, at which time I will go to work again in the San Antonio branch. Since I am not sure just where we are going to live, I would like to ask that you send the Herald to Box 95, Castroville, Texas starting from the above date, until we get settled down again.

We hadn't had a subscription to the Herald before we came up here and the folks made us a present of a subscription. But I want to say that we certainly do enjoy reading it and look forward to every Monday when we receive it. We haven't missed a copy yet.

Thanking you, and always looking forward to your next edition, I am,

Yours truly,

Statement of a Harris County automobile dealer on file at Humble Oil & Refining Company, Houston, Texas

Shivers Lauds Work Of Special Session

Gov. Allan Shivers, reporting to the people of Texas on work of the special session of the Legislature which ended last week, declared that the purpose for which the session was called had been fully accomplished.

The session was convened to raise money to operate the state hospital system during the next fiscal year and to finance a long-range building program for the institutions included in the system. The governor reported that the Legislature made \$21,000,000 available for operating the system and established a building fund of \$5,000,000 a year for seven years.

"As a result of this progressive step," Gov. Shivers said "our state hospitals will be places where sick people can be brought back to mental and physical health — rather than unsafe, unsanitary places of confinement where they exist without much comfort and without much hope of a permanent cure."

"Thus the 51st Legislature, already distinguished as a Legislature that has attempted to give Texas one of the finest school

systems in the United States; that was the first Legislature to provide for a system of rural roads, and a Legislature that made a long step toward the control of juvenile delinquency, has now crowned its record with this humanitarian legislation of enduring merit and continuing benefits."

Money to finance the program will be raised through an increase of one cent per package in the cigarette tax and in slightly increased levies on beer, wine, whiskey, natural resources, public utilities, insurance companies and other items included in a tax bill passed in 1941.

The purpose for which the lawmakers were summoned was carried out in the first 24 days of the session, the Governor said. The remainder of the 30-day session was devoted to passage of other emergency legislation.

"These additional acts means," Gov. Shivers pointed out, "that from now on, we will be protected by more stringent and comprehensive laws against sex crimes; that telephone service will be easier to secure in the rural areas of the state; that the search for a cure for cancer will be accelerated at the M. D. Anderson Hospital in Houston; that our battle against federal control of our tidelands will continue unabated, and that the legal status of many newly created or consolidated public school districts over the state has been established."

The governor declared that the session's record provides "conclusive proof" that business methods will work in government.

"The success of this session is a tribute to the business approach to governmental problems," he said.

He explained that the accomplishments were made possible, first, by vision: "a grasp of the problem and a conception of the solution"; second by orderly planning, participated in by a wide segment of the state's population, and, third, by "the co-operative action of the Legislature, the administration, the state hospital board and all the individuals, groups and organizations that had interested themselves in the program."

Gov. Shivers said this formula was submitted to the people of Texas "as a sound basis for present and future operation of our state government."

HOUSEHOLD MEMOS... by Lynn Chambers

Serve Protein-Rich Foods for Lent
(See Recipes Below)

Lenten Main Dishes

LENTEN MEALS need an extra spark to keep them interesting and appealing since they are meatless. They should, however, be substantial and nourishing, and with plenty of cheese, fish, eggs and vegetables they will have plenty of stick-to-the-ribs quality.

Don't get into a rut with one or two dishes each season. There's plenty of variety and interest available in Lenten dishes if you'll just try new recipes and plan sparkling menus.

Vegetable combinations can give plenty of texture, color and menu interest. Cheese as a main ingredient snags many a main dish from the doldrums. Add fish to macaroni or spaghetti and you'll never miss meats. Try new ways with eggs, and the family will cheer you to new culinary accomplishments.

Eggs Mornay
(Serves 2 to 3)

4 eggs
2 cups thin white sauce
½ teaspoon paprika
½ cup grated cheese
2 egg yolks

Add paprika and cheese (reserve about 2 tablespoons for top) to hot well-seasoned sauce. Beat in yolks. Pour layer of sauce into well-greased shallow baking dishes. Slip eggs into sauce, one at a time. Pour remaining sauce around edge, leaving yolks partially exposed. Sprinkle with remaining cheese. Bake in moderately hot oven (375°) 15 to 20 minutes, depending upon doneness of eggs desired.

Fresh Vegetable Casserole
(Serves 6)

2 cups cooked carrots, sliced
2 cups cooked string beans
2 cups cooked peas
2 cups cooked lima beans
1 cup vegetable stock
1 cup cooked creamed celery
6 broiled mushrooms
¼ cup vegetable glaze

Have all vegetables cooked and seasoned separately. Grease shallow individual casseroles and place sliced carrots around the sides of each dish. Place a spoonful each of string beans, peas and lima beans

in the dishes in the order given; add a little vegetable stock; then top with a small spoonful of creamed celery and a broiled mushroom. Put a spoonful of vegetable glaze over the mushroom and when all dishes are filled bake in a moderately hot oven (375°) for 10 minutes.

Maine Casserole
(Serves 6)

3 onions, sliced
2 cups kernel corn
½ teaspoon salt
Dash of pepper
1 pound can baked beans without pork
½ cup ketchup
½ cup dry bread crumbs
2 tablespoons butter

Cook onions in boiling water 20 minutes and drain. Arrange corn in casserole. Cover with a layer of

*Baked Beans and Onions Au Gratin

(Serves 8)
2 cups dried marrowfat beans
5 cups water
2½ teaspoons salt
12 medium-sized onions
¼ cup old-fashioned molasses
¾ teaspoon dry mustard
½ teaspoon black pepper
1 teaspoon Worcestershire sauce
1½ cups grated cheddar cheese
1 cup soft bread crumbs
2 tablespoons butter, melted

Soak beans in water overnight. Add 1 teaspoon of the salt and onions. Simmer but do not boil until onions are tender but still retain their shape (about 15 minutes). Remove onions from pot, continue cooking beans until tender (about 45 minutes). Drain. Save water. Combine liquid, molasses, mustard, pepper and Worcestershire sauce. Place half the beans in two-quart casserole. Sprinkle with ¾ cup cheese. Add remaining beans and arrange onions over top of beans. Add liquid. Bake uncovered in moderately hot oven (325°) for 45 minutes. Butter bread crumbs and sprinkle over top of casserole. Return to oven and cook until crumbs are brown (about 15 minutes).

Deviled Tuna and Macaroni

(Serves 4)
4 ounces shell macaroni
2 tablespoons butter
1 tablespoon enriched flour
1 teaspoon salt
½ teaspoon paprika
2 teaspoons Worcestershire sauce
1½ cups milk
1 tablespoon lemon juice
1 cup flaked tuna (1 7-ounce can)
2 hard cooked eggs
1 tablespoon chopped pimento
Sliced stuffed olives

Cook macaroni in boiling salted water until tender (about eight minutes). Drain and rinse. While macaroni is cooking, melt butter in saucepan. Stir in flour, salt, paprika and Worcestershire sauce. Gradually add milk, stirring constantly until slightly thickened. Add lemon juice and tuna. Dice hard cooked eggs, reserving one yolk for garnish. Fold eggs and macaroni into deviled sauce. Mix thoroughly. Pour into four greased individual baking dishes. Bake in moderate oven (350°) 20 minutes. Garnish with sieved egg yolk, pimento and olives.

LYNN SAYS: Use These Essential Rules For Good Meals

Do not eat very much more than you need unless you are planning to do heavy, muscular work, as extra food will be stored as fat in the body.

The average man will need about 1½ times as much as the average woman. This can be managed by giving him slightly larger servings.

Growing boys and girls between 12 and 20 will need slightly more than the average adult.

changed
yet?**

Yes, I changed to the new Pale Dry GRAND PRIZE night before last. And I'm recommending it to anyone who likes a pale dry beer!

E. W. Hayes, sportsman and meat wholesaler, Fort Worth

I changed to Pale Dry GRAND PRIZE when a neighbor had me try a bottle. She was pleased with it, and so was I once I tried it.

Mrs. Howard S. Lindhart, housewife, Austin

I didn't change at all. I always have liked GRAND PRIZE—and this new pale dry flavor makes it better tasting than ever.

J. N. Skoda, manager, manufacturing plant, Dallas

I changed as soon as I tasted it! I've always preferred a mild, light beer and the new Pale Dry GRAND PRIZE hits me just right.

Chas. L. Brady, chief radio engineer, San Antonio

Have you changed yet?

Wherever Texans serve beer you'll find them changing to the new Pale Dry GRAND PRIZE. This great beer is made from top-grade ingredients—the best malt, hops and water obtainable—and is a blend of forty selected brews. That's what makes it so good. That's why so many people are changing to the new GRAND PRIZE beer!

BENJSEN Reports From Washington

WASHINGTON — Impetus for further research into the basic sciences was spurred by the House of Representatives passing the National Science Foundation bill.

The House passed the bill by a vote of 247 to 125. Your Representative supported the bill. The House went farther in its bill than the Senate did on a bill passed during the first session. The House wrote adequate safeguards into its bill to prevent any repetition of Britain's Klaus Fuchs case in the new science set-up. The House bill calls for a special FBI investigation of any recipient for a scholarship under the foundation.

Applications for enumerator jobs now are being received by the district supervisor's office. Approximately 400 positions are to be filled and most of the enumerators will be employed for a period of from two to four weeks.

They will be expected to complete their work within a limited period of time without regard to the customary number of hours worked each day or week. Evening work will be necessary in order to reach occupants of dwellings who are away during daytime calls but no overtime will be paid.

Enumerators must have a high school education or equivalent experience, be in good health and of good character, and preferably between the ages of 25 and 45 years. Veterans will be given preference over non-veterans provided they are otherwise qualified. Enumerators in rural areas must furnish their own cars. The method of payment and rate of pay will provide for the expense of operating cars on official census business.

Persons receiving Federal retirement pay, state and local government employees, law enforcement officers, officers of political organizations or persons engaged in political activity are ineligible for employment as enumerators. Neither can close relatives be employed in the same local census office.

STARS AND STRIPES

Did you ever wonder how those stars are added to Old Glory? As each new state was admitted to the Union, in April 1818 Congress provided by law that a star for the newly admitted states be added on the Fourth of July, following the state's admission.

SMALL BUSINESS

The House of Representatives passed a basic point bill last week which, your Representative felt, dealt a blow at small business. As it was originally proposed by the House of Representatives, adequate safeguards were

SWTJC Needs Addresses Of Former Students

UVALDE — The Southwest Texas Junior College Ex-Students Association, headed by Ed Stein of Uvalde is seeking to learn the present addresses of all former students of the college it has been announced.

The Association is working on plans to issue an Alumni News Letter twice a year and needs for this project a complete and correct mailing list of ex-students.

Although notification cards have been sent asking for news of present whereabouts, positions, honors, and changes in family status, for use in the News Letter, those who do not receive cards but learn of the plan through the news are asked to respond at once.

Items to be included in the first issue of the SWTJC News-Letter must be received by Ed Stein by March 15.

The Ex-student Association was formed Nov. 23 during the SWTJC Homecoming. Besides Stein, officers are Virgil Oden of Trinity University, vice-president, and David Stahl of Carrizo Springs, secretary.

Top Parade Is Promised For Poteet Festival

POTEET — "We are planning on having the most outstanding parade in Strawberry Festival history next April 14-15," stated Martin Stroble, parade chairman, this week.

"Parade committees have been working for the past several weeks. We have colorful high school and army bands invited to add to the quality of our parade," continued Stroble. "All high school bands in Atascosa County are expected to be on hand. Outstanding bands from adjoining counties have also been invited. Bands make the parade."

Stroble stated that the 4-H section of the parade would be an added attraction this year. Each of the 40 4-H Clubs in Atascosa County will participate. More than 800 boys and girls will march in this section.

"Every business man in this area is invited and urged to enter the commercial section of our parade," Stroble continued. "This is a unique opportunity for advertising before the 15,000 people expected for this event."

"Many floats will be entered in the parade with visiting duchesses and the climax of the parade will be the queen's float."

Another added attraction this year will be the decoration of the Poteet business section, both night and day previous to and during the Strawberry Festival.

Clean Up To Avoid Typhoid, Dr. Cox Advises

Dr. George W. Cox, state health officer, says that the season when typhoid fever is most prevalent is approaching and urges everyone to clean up their premises to eliminate flies and other insects.

Cox said that the typhoid germ travels from an infected person to the well person, usually by water, milk, flies, fingers, or food. Every case is contracted by way of the mouth and digestive system.

A carrier is a person who has had typhoid fever at some time and who even after recovery carries the germs of the disease in the urine and discharge of the bowels. Carriers who are careless in their personal habits are likely to infect any food they handle with unwashed hands. Some of the most serious and far-reaching outbreaks of the disease have been caused by drinking milk or eating foods that have been handled by carriers. Persons may be carriers without knowing it, according to the health office.

Typhoid fever is unnecessary and preventable he said. Every case is due either to community negligence or to the carelessness of some individual. Persons planning a vacation or trip where sanitation may not be rigidly enforced should protect themselves against this disease by being immunized. Its prevention is accomplished by the enforcement of public health measures to protect food, milk, and water supplies, and by immunization.

The purity of water, milk, or food cannot be judged by looking at it, so the best thing to do is to play safe.

Frozen Eggs Can Be Kept 6 Months

Eggs are now plentiful, and the homemaker who is hunting bargains in food and has the freezing and storage facilities will be wise to take advantage of the present situation, says Lucille Shultz, associate extension foods and nutrition specialist of Texas A. & M. College.

She says eggs can be stored in the home freezer or freezer locker for six months or more and still be as good as fresh eggs. Only clean eggs should be used, she warns, for dirt from dirty shells may drop into the eggs during the breaking process and spoil the keeping quality. She says the fresh clean eggs should be broken into a clean bowl then mixed thoroughly but do not whip in air. Fill moisture, vapor-proof containers with the egg mixture and they are ready to freeze and store.

If the yolks are separated from the whites and frozen separately, she says you'll want to use corn syrup, sugar or salt to prevent a gummy condition. For each cup of yolks, add one tablespoon of syrup or sugar or one teaspoon of salt. Mix thoroughly and use the same type of containers as recommended for the whole egg mixture. Whites frozen separately need nothing added and no mixing.

Red Cross Helps In Disaster Work

More than 100,000 persons in middle and southwestern states were affected by floods, tornadoes, blizzards, and fires from Jan. 1 through Feb. 20. Work on their behalf by the American Red Cross already has accounted for commitments of about \$370,000.

In Arkansas, Missouri, and Illinois, 75 national staff workers and ten nurses have been on emergency duty for 30 days helping flood victims meet immediate needs and planning for their rehabilitation when the flood waters of the Mississippi, Ohio, and other smaller rivers recede. In Arkansas, Illinois and Missouri alone, more than 41,000 persons have been aided with food, shelter, clothing, or other necessities.

Tragedy struck late on the night of Feb. 11 and early morning of Feb. 12 in three Arkansas and 15 East Texas counties. A series of tornadoes dipped into towns and countryside, killing nine persons, injuring 182, demolishing 89 homes, and damaging 225 other dwellings. Four hundred and ninety-five families suffered either through the death of a member, injuries due to flying debris and collapsing buildings, or through having their homes damaged or completely destroyed.

Chapters currently are being aided by ten national staff members and one nurse. Plans for rehabilitation of the homeless and injured are well under way in the 15 chapters affected. Preliminary allocation of \$50,000 was made from Red Cross disaster funds.

NATIONAL 4-H CLUB WEEK CONTINUES THROUGH MARCH 12

More than 1,850,000 4-H club members in the United States are observing National 4-H Club Week through March 12.

A summary of the reports from the county extension agents in the state show that 4-H members grew crops on nearly 51,000 acres of land; everything from cotton and corn to soil improving crops; they planted and cared for more than 10,000 acres of home orchards, home gardens and truck crops; they carried out soil and water conservation practices on 29,300 acres and conducted pasture improvement demonstrations on 27,300 acres.

They owned 58,893 head of livestock and they sold more than 23,000 head for approximately 2½ million dollars. They exhibited nearly 22,000 head of livestock and poultry at 212 livestock shows and fairs and sold \$272,000 worth of poultry and eggs from their demonstration flocks.

In home improvement, they modernized almost 9,000 rooms and made about 36,000 articles that could be used in the home: 31,703 girls planned a lot of meals for their families and friends, 452,492 to be exact and they served a lot more — 519,190; they preserved food too, 15,742 girls canned 504,406 quarts of food, froze 91,322 quarts and froze another 80,936 pounds of other foods; 37,397 chose clothing for their demonstration and during the year they made more than 106,000 garments and remade another 27,566.

4-H members camp, attend meetings, state 4-H Round Up at Texas A. & M. College, the State Fair, visit the major stock shows, send their representatives to all meetings and for the past two years they have been represented

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

NOTE THESE STYLE LINES WELL. They're straight out of the Buick Riviera book—and they cloak interiors that are roomy as much-higher-priced cars.

FORE AND AFT - a Beauty and a Buy

It's lithe, long and lovely—and it calls not just for one look, but for two.

See how this sleek Sedan looks coming down the road—bold grillwork shining, broad bonnet purring with power, and the wide, curving, unbroken sweep of a one-piece windshield giving you horizon-wide outlook.

And spot the pretty picture you make going away. The broad, wrap-around rear window and topside styling in the Buick Riviera manner.

The graceful, spacious trunk, the "double bubble" taillights, the sense of high-fashion fleetness in everything from rear fender lines to the curve of the roof.

Yes, that's beauty—beauty in the unmistakable Buick manner. But observe also:

Interiors are extra roomy in all dimensions. The biggest you can buy for the money, we believe—and bigger than many higher-priced cars.

And, since this is a Buick SUPER, there's sensational new power under the hood—Buick's own F-263 Fireball straight-eight, this year's big news in valve-in-head power.

Yes, when you go stepping in this one, you'll really step—with roominess and top-drawer styling and the level going of all-coil springing—yes, and Dynaflo Drive* too, if you choose—making your pleasure complete.

The price? Well, drop in on your Buick dealer, ask about the SUPER 126 and be prepared for happy listening. Here's a buy—so grand a buy you'll lose no time getting behind a Buick wheel.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Features like these mean
BUICK'S THE BUY

HIGHER-COMPRESSION Fireball valve-in-head power in three engines, five hp ratings. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with bumper-guard grilles, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • DYNAFLOW DRIVE standard on all ROADMASTERS, optional at extra cost on SUPER and SPECIAL series • WIDE ARRAY OF MODELS with Body by Fisher.
